Andy,

Thanks. I can review the paper in a similar timeframe as Tod, following his input. I have a TLEF session at 2 and senior staff at 3—so immediately after that I can review and provide to Scott. If I have any questions, I will call Tod.

Thanks,
Felicia

Importance: High

Felicia –

FYI, Scott called me this afternoon. One of the outcomes of today's Senior Leadership check-in on SAFETEA is that OITA was tasked with creating a 1-2 page white paper explaining McGirt, the SAFETEA request, and our process for moving forward. This will then go from Chad to R6 and OGC leadership before being sent to the Deputy Administrator. Scott said that he would like to see it by COB tomorrow. I will work on creating the initial draft, Tod Siegal said he would review by tomorrow afternoon. FYI, I am on sick leave starting at 3pm tomorrow.

This will be a high level paper and I don't think will be too hard to create, my plan is to work on it from 10:30am-12pm tomorrow. How / when would you like to review? Tod said he would look at it sometime in the 12-3pm timeframe. I can have Tod send his version to you and you can send it to Scott by COB tomorrow, since I will already be on leave?
